Introduction

The 2018 Spring Racing Carnival was a fitting celebration of 25 years of international competition, with two of the three 'majors' going the way of overseas raiders and British trainers ending their hoodoo in emphatic fashion by filling the first three places in the AUD\$7.3 million Lexus Melbourne Cup (3200m).

A quarter of a century after Vintage Crop embarked on a solo mission to win 'The Race That Stops A Nation™', a record 31 internationally-trained gallopers landed on Australian soil and returned home with an unprecedented haul of the Spring Racing Carnival's riches in their suitcases.

Last year's international invasion began early, with Godolphin sending three raiders to Melbourne at the start of September to compete in some of the carnival's early feature races. Jungle Cat's dazzling debut in the AUD\$500,000 Group 1 Ladbrokes Sir Rupert Clarke Stakes (1400m) at Caulfield set the tone for the rest of the spring campaign, with the internationals taking out no fewer than six Group races, including four at the highest level.

Cross Counter trained by Charlie Appleby

After Saeed bin Suroor and Aidan O'Brien had dominated Caulfield Guineas Day by claiming the AUD\$1 million Group 1 Ladbrokes Stakes (2000m) and AUD\$400,000 Group 2 Ladbrokes Herbert Power Stakes (2400m) with Benbatl and Yucatan respectively, Godolphin's 'Blue Army' struck again with Best Solution winning the AUD\$5 million Stella Artois Caulfield Cup (2400m).

It was a second triumph in the world's richest handicap over 2400m for bin Suroor, and the second Group 1 in the space of a week for Irish jockey Pat Cosgrave, who had piloted Benbatl to victory seven days earlier.

The best was yet to come, however, as the Brits turned Lexus Melbourne Cup Day red, white and mainly blue with Cross Counter (trained by Charlie Appleby), Marmelo (Hughie Morrison) and Charlie Fellowes' Group 3 Lexus Stakes hero Prince of Arran ensuring an international clean sweep of the Southern Hemisphere's most famous race.

The trifecta ensured that international visitors left the Werribee quarantine centre more than AUD\$13 million richer than when they landed, a record tally which took the total prizemoney earned by raiders over the past 25 years close to the AUD\$75 million mark.

With Winx most likely heading to the breeding barn, this year could see the international army claim all three of the Spring Racing Carnival's feature races for only the second time in history.

Australia's richest and most prestigious racing festival, the 2019 Spring Racing Carnival runs from Saturday, 31 August to Saturday, 23 November and features a multitude of Group and Listed races offering combined prizemoney in excess of AUD\$80 million.

2019 Guidelines

These guidelines are intended to make it absolutely clear that horses do not qualify to gain entry to the field for the 2019 Stella Artois Caulfield Cup, rather they provide for horses to be eliminated there from.

Only performances in flat races of 1600 metres or further shall be taken into account in satisfying the elimination clauses for the 2019 Stella Artois Caulfield Cup.

Exempt Races

The Winners Of The 2019:

- Makybe Diva (Craiglee) Stakes
- Dato'Tan Chin Nam (Feehan) Stakes
- Underwood Stakes
- Naturalism Stakes
- Turnbull Stakes
- Herbert Power Stakes
- Caulfield Stakes
- Mornington Cup
- Coongy Handicap
- Nikkei Shinshun Hai (JPN)
- Kyoto Kinen (JPN)
- Sheema Classic (UAE)
- Jockey Club Stakes (UK)
- Champions and Chater Cup (HK)
- Meguro Kinen (JPN)
- Grand Prix de Chantilly (FR)
- Hardwicke Stakes (UK)
- Princess of Wales's Stakes (UK)

Shall not be eliminated from the 2019 Stella Artois Caulfield Cup, provided that in the case of a dead-heat for first, the Committee may exercise its absolute discretion as to which horse or horses involved in the dead-heat shall be exempt from elimination.

Penalties

The winner, after declaration of weights, of any internationally recognised Listed handicap, Group handicap or Graded handicap race run over a distance of 1600 metres or further (2019 Herbert Power Stakes and Coongy Handicap excepted) is to carry such additional weight (if any) for each win as the Handicapper shall determine.

Provided that, in lieu of re-handicapping, should such winner be a horse on the minimum handicap weight (for its age group) the Handicapper may, at his discretion, instead amend the originally appended weight figure against the benchmark weight downwards, to a figure that is not less than or equal to the appended weight figure for a horse of the same age and gender handicapped above the advertised minimum weight (for its age group).

Any such amendments referred to above shall not affect the weight to be carried in the race. In these circumstances, any extra weight to be imposed on any horse, or in lieu of re-handicapping, any amendment to the appended weight figure against the benchmark weight for a horse shall be declared by the Handicapper

not later than five (5) working days after such win.

Clause One

Horses which have not on or after 1 August, 2018 up to the time of final acceptances:

a) won or been placed second or third in an Internationally recognised Group 1 or Grade 1 or Group 2 or Grade 2 race or Group 3 or Grade 3 race on the flat of 1600 metres or further, or

b) won an Internationally recognised Listed race on the flat of 1600 metres or further, or

c) won the Ebor Handicap (UK)

Shall be eliminated in order of the lowest appended weight figure against the benchmark weight for each individual horse.

For the purposes of sub-paragraph (a) above, wins, second, third, fourth and fifth placings in any internationally recognised Group, Graded or Listed race shall be taken into account, provided that \$60,000 (AUD) or more was received for any such win or placing.

Provided however, that prizemoney acquired as follows will not be taken into account when assessing prizemoney for any of these elimination clauses:

d) Prizemoney acquired by a horse(s) in any race restricted to horses sold at a particular sale or bred, trained or sold in a particular region or state, and

e) Bonuses and/or incentives received by a horse in respect of any race.

Further, provided that past winners of the Caulfield Cup, W.S. Cox Plate and Melbourne Cup will not be eliminated under this clause.

Clause Two

Should the number of horses exceed the number of horses required to be eliminated from the race after the operation of Clause One (or any part thereof), then such elimination shall be effected by order of the lowest appended weight figure against the benchmark weight for each individual horse within this clause.

In the event that two or more horses whose appended weight figure below the benchmark weight are the same, such elimination shall be effected by order of the lowest peak international rating of the preceding 12-month period.

In the event two or more horses whose appended weight figure below the benchmark weight and peak international rating is the same, such elimination shall be affected by order of lowest aggregate prizemoney received in the relevant performances as listed under Clause One.

Horses equal in each of these respects shall be eliminated at the discretion of the Committee.

The rules of racing of Racing Victoria apply to this race.

Balloting Conditions

See website for full race conditions

(1) The Directors may in their absolute discretion exclude any horse or horses from the race, whether the safety limit of 24 horses at final acceptance time shall be reached or not, and if such exclusion occurs, and more than 24 final acceptors remain, balloting of surplus horses will continue in the manner set out in clauses (2) and (3) below to its conclusion. For the avoidance of doubt, if the directors exercise their discretion to exclude a horse from the race, each horse below the excluded horse will move up one position in the ballot order. The directors do not have the discretion to elect a replacement for the excluded horse, as the replacement will be the next horse in the ballot order.

The winner of the following, if any should be a nomination and a first, second, third and final acceptor for the 2019 Lexus Melbourne Cup, shall be exempt from any ballot on this race:

Horses in this clause (2) with the same lowest appended weight figure against the benchmark weight for individual horses, as the case may be, shall be eliminated at the discretion of the Directors.

(3) If, after Balloting Clause (2) has been exhausted, excess horses remain, elimination of such horses shall be effected by order of the lowest appended weight figure against the benchmark weight for individual horses, as the case may be. Horses in this clause (3) with the same lowest appended weight figure against the benchmark weight for individual horses, as the case may be, shall be eliminated in order of lowest aggregate prizemoney received in "Relevant Race Performances" since 1 February 2018 inclusive. Penalties after declaration of weights

The winner, after declaration of weights, of an internationally recognised Listed, Group or Graded flat race

- If a non-handicap race, only if it was run over a distance of 2300 metres or further

is to carry such additional weight (if any) for each win as the Handicapper shall determine. Any determination by the Handicapper in respect to additional weight (if any) to be carried, shall not be made prior to the running of the race in which the winner became liable for a penalty.

Provided that, in lieu of re-handicapping, should such winner be a horse on the minimum handicap weight (for its age group) the Handicapper may, at his discretion, instead amend the originally appended weight figure against the benchmark weight downwards, to a figure that is not less than or equal to the appended weight figure for a horse of the same age and gender handicapped above the advertised minimum weight (for its age group).

Any such amendments referred to above shall not affect the weight to be carried in the race.
